PRATEEK PRAKASH KINI

Summary

Well-versed in numerous programming languages including HTML5, JavaScript, CSS, NodeJS,MongoDB,MySQL.,
Strong background in Python..

Skill Highlights

- Fast Learner
- Git and Github
- MERN Stack
- Backend Web Frameworks
- Communication
- Leadership

Experience

• DC's **Fellow (UDAL Scheme)** – Working on the *Digital Material Recovery Facility (MRF)* project, where I am building a centralized dashboard for **4 MRFs** to monitor inflow-outflow waste data.
Skills: MERN Stack, Dashboard Development, Data Visualization.

• Intern **– Sumana Embedded Technologies (May 2025 – Nov 2025)** – Currently working as an intern focusing on backend development and cloud-based solutions.
Skills: Google Cloud Platform (GCP), Node.js, Express.js, BigQuery.

Projects

• Chatbot **for PDF Analyzing** – Built a chatbot capable of extracting and analyzing text from PDFs using **Python** with libraries such as **PyPDF2, pdfplumber, LangChain, and OpenAI API** for conversational analysis.

• Hospital **Management System (Pravaah)** – Developed a full-stack hospital management system using the **MERN stack (MongoDB, Express.js, React.js, Node.js)** with **JWT Authentication, Redux Toolkit, and TailwindCSS** for seamless UI/UX and efficient management of patients, doctors, and appointments.

Education

Bachelor of Engineering: **Artificial Intelligence and Machine Learning** - 2027
Canara Engineering College, Mangalore

Certifications

Programming Languages: **C,Advanced C++(spoken tutorial),Python,Resposive Web Design from FreeCodeCamp Google Cybersecurity Professional Certification from Coursera**
